REASONS FOR ALLOWANCE

1. Claims 1, 3, 5-24, 26, and 28-30 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. As stated in the Office Action dated 18 October 2010, the only remaining rejections of the instant claims were made under 35 USC 112, first and second paragraphs.
4. The present amendment cancels Claims 25 and 27, thus rendering moot the previous rejection of those claims under 35 USC 112, first paragraph.
5. The present amendment to Claims 1, 5, and 7 requires that the variables x and y are each 0 or 1, with the proviso that at least one of them is 1. Claims 5 and 7 have been further amended to more clearly define the claimed polymer. These amendments are sufficient to overcome the previous rejections of Claims 1, 5, and 7 under 25 USC 112, second paragraph. Dependent claims 3, 6, 8, 23, 24, and 26 depend from Claims 1, 5, and/or 7, and were rejected solely on the basis of their dependence upon the indefinite parent claims. Therefore, Claims 1, 3, 5-8, 23, 24, and 26 are allowed.
6. The previous Office Action noted that formula (14) of Claim 7 did not appear to be a valid subspecies of formula (1), and may be considered indefinite. However, as per the present amendment, formula (14) is permitted as a subspecies of formula (1) wherein one of x and y are 0, and W or Z is represented by a hydroxyl or polyalkylene glycol group. Although the amine of formula (16) falls outside the recitation of the -NH

Art Unit: 1762

group of formula (1), this substituent may be present as a group other than W or Z when one of x and y is 0.

7. New Claims 28-30 are added by the present amendment. These claims require all limitations of allowed Claims 1, 5, and 7, respectively, and are therefore similarly allowed.

8. Claim 1 is directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.03, claims 9-22, directed to various compositions comprising the polymer according to Claim 1, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104. The rejoined claims require all limitations of allowable Claim 1.

Therefore, Claims 9-22 are allowed.

9. Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on 17 November 2009 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Art Unit: 1762

10. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
